3-31-16

We would like to continue parking our motorhome where we have parked it for the last 20 yrs year round.

It is approx 10' from the side of the house and approx 20' from the street. There are three trees in front of the motor home but not in compliance for screening. This is the best place on our lot as it leaves access for fire and emergency and does not obstruct view for traffic on either street.

We wish to leave parking as is, we had no complaints of any kind. We have the required signatures as you have asked for except one - Ron Pino will not sign due to a misunderstanding over an issue with his dogs.

Also we are a corner lot.

Thank you

Barry & Janet Ingebrigtsen
