(Received in Council Office on 10/20/14)

City Council Members
Case 10946 A-14
I live across the street from Robert Smith.
He built his driveway too close to the line and also without a permit.
He has done a lot of home improvements on his house without permits. he has moved walls outlets, gas lines, done both rooms, but wont let the city assesor in.
He told me about having to move the boat, he said the just wanted money. He put it off all summer so he got his way. He laugh and said what will the do too my boat.

He feels he has a nice boat so he should be able to park it in his driveway all summer long.
He has a place to store it at his cabin at the lake but doesn't do it.
I feel he should not be granted the right to be better than everyone else in the City. Would anyone want a 20ft as lawn sign of wealth?
I ask for your vote of NO NO NO
