

Request for Council Action

Originator Parks and Recreation	Item Alternative Transportation Plan 2015 Update
Agenda Section Study Items	Date 4/27/2015

Description

The second draft of the Alternative Transportation Plan (ATP) 2015 Update document is included in the Council's electronic packet. Michael McGarvey, the project consultant from SRF Consulting Group will be presenting the ATP Update and would appreciate Council's feedback on the draft document. The presentation will focus on the recommended priority projects and the estimated implementation costs. Similar presentations were made by City staff to the Parks, Arts and Recreation Commission on April 8, 2015 and the Planning Commission on April 23, 2015.

The first draft of the ATP Update document was presented at the January 12, 2015 Council study meeting. The draft ATP Update document was then made available on the City web site through the end of February for review and public comment. An open house to solicit public feedback on the draft ATP Update document was held on February 12. Public comments received regarding the ATP Update are included in Appendix A of the document.

Following Council input on April 27, a final draft of the ATP Update document will be compiled and then presented to Council for approval, probably in late May or early June, 2015.

Requested Action

Provide feedback on the draft Alternative Transportation Plan 2015 Update.
