- 1) Additional operational detail is required to be submitted relating to safety and security. See City Code section 21.302.22(b)(8)(A). Details requested include, but are not limited to, theft prevention, waste disposal, response plans for security breach, and product delivery plan.
- 2) City Code section 21.302.22(b)(5) requires that the distribution be located in a highly visible building with the public access being visible from the street. Please document that the proposed location meets the building location standards.
- 3) The distribution facility may not be located within 1,000 feet of a K-12 school. Poplar Bridge Elementary, the closest K-12 school, is located 1,094 feet from the subject property at its closest point. The proposed site complies with the provision requiring separation from sensitive uses (21.302.22(b)(2)).
