Item
**Acknowledge receipt of petition of Charter Amendment - Organized
Collection**

Date
6/9/2016

Description

Acknowledge receipt of petition of Charter Amendment for Organized Collection. City Clerk is requested to verify the signatures, and legal analysis will be complete by City Attorney.

Requested Action

Once the Charter Commission transmits the petition to the City Council, the City Clerk should determine its sufficiency prior to Council action. If the petition is properly attested and contains the requisite number of signatures, then the matter should be placed on a City Council agenda. A sufficient petition that is not manifestly unconstitutional must go on the ballot. An insufficient petition must be rejected by the Council. Should the City Council find the petition manifestly unconstitutional it must be rejected.
