

Request for Council Action

Originator Finance	Item Performance Measurement Reporting Requirements Program - Resolution Authorizing
Agenda Section Consent	Date 6/27/2016

Description

At its June 20, 2011 meeting, the City Council formally adopted the *Council on Local Results and Innovations Ten City Performance Measures* and reported the results to the citizens of Bloomington in 2012, 2013, 2014 and 2015.

Staff proposes participation again this year. Adoption of a resolution of intent is required annually.

By voluntarily participating in these performance measures, the City is eligible to receive state aid in the amount of \$0.14 per capita or approximately \$11,000-\$12,000 for Bloomington. Under current legislation the City would also be exempt from codified levy limits for 2017.

In order to receive the per capita reimbursement in 2016 the City must adopt the attached Resolution authorizing reporting requirements in July 2016.

Requested Action

Adopt Resolution authorizing reporting requirements for the Local Performance Measurement Program.
