

Request for Council Action

Originator City Manager	Item City Council Strategic Planning
Agenda Section Study Item	Date 7/21/2016

Description

In April, the City of Bloomington's leadership team and city staff engaged with the City Council on a strategic planning process for the three-year period 2017-2020. The strategic plan consists of a set of six strategic priorities, which are the issues of highest priority for the next three years. Within each strategic priority is a set of desired outcomes, key outcome indicators, and performance targets, which describe expected results and how the results will be measured. In May and June, city staff and community partners were engaged to develop strategic initiatives for each priority, which define the actions that will be taken to achieve the targeted outcomes. Craig Rapp, our facilitator for the overall process, will present the summary results to City Council.

Requested Action

Discussion of proposed strategic plan for 2017-2020.
