Dear Mr. Johnson,

Thank you for your recent response on my inquiry about the proposed gas utility project at 9407 Old Cedar Aveue. I'm writing about the upcoming hearing on the proposed project and want to say that I am opposed to such a structure moving from a commercial zone on Old Shakopee and Old Cedar, into a residential area across the road from my condominium.

I will not be able to attend the meeting on Monday, but wanted my thoughts known. I haven't had a lot of time to look into the details, but will follow up.

Thank you,
Jennifer Lerud
