

Request for Council Action

Originator Engineering	Item Approve Plans and Specifications for the 2016-902 Storm Sewer and Pond Maintenance Project
Agenda Section Consent Business	Date 10/3/2016

Description

The City Council is requested to consider approving the plans and specifications for the 2016-902 Storm Sewer and Pond Maintenance Project. The project includes maintenance to the storm sewer and sediment excavation at Xerxes Pond and replacing the corrugated metal pipe outfall from River Terrace Drive down the bluff to River Terrace Pond.

The City Council ordered the Project on September 26, 2016.

Residents living in the vicinity will be notified of the construction and informational meetings held, if requested.

Funding in the amount of \$450,000 is included in the Storm Water Drainage Utility Budget under Fund 665545, and no assessments will be involved in the project.

A map has been included of the project sites.

The following schedule is proposed:

Council Order Project	September 26, 2016
Council Approve Plans and Specifications	October 3, 2016
First Advertisement	October 20, 2106
Open Bids	November 10, 2016
Council Consider Bids	November 21, 2016

Item created by: Steve Segar, Civil Engineer
Presenter: (if needed) Karl Keel, Public Works Director

Requested Action

Staff recommends that the City Council approve the plans and specifications for the 2016-902 Storm Sewer and Pond Maintenance Project.
