

# Request for Council Action

Originator Engineering	Item <b>Adopt Resolution Accepting Easement at 7900 Chicago Avenue S</b>
Agenda Section Consent Business	Date 10/24/2016

Description

As part of the 2016-101 PMP Reconstruct Project, a sidewalk was constructed along the south side of American Boulevard East within an existing sidewalk/bikeway easement. The sidewalk included a concrete pad to accommodate the bus stop at the southwest corner of Chicago Avenue and American Boulevard E (see attached plan sheet). Metro Transit is planning to construct a bus shelter on the concrete pad in the future. Additional easement rights are needed for that purpose.

Staff has worked with the property owner to obtain a transportation facility easement allowing a bus shelter to be constructed on the concrete pad. The easement was obtained at no cost to the City.

The City Council is requested to adopt a resolution accepting the easement.

Item created by: Steve Jorschumb, City Land Surveyor  
Presenter: Shelly Hanson, City Engineer (if needed)

Requested Action

Recommended motion: Move to adopt a resolution accepting an easement at 7900 Chicago Avenue S.
