Subject: RE: City of Bloomington Draft Firearm Sales Ordinance

Michael,

The draft of proposed amendments concerning firearms is fully compliant within the Federal law and regulations.

One stipulation ATF has encountered more frequently in the last few years in light of internet sales, are FFL's who are exclusively conducting firearm sales via internet. Federally, this is recognized as a service of FFLs provided they have a permanent dwelling. Often, City code does not specify internet transfers, however, it does appear the City of Bloomington makes the distinction under 'Firearm Office.'

Please feel free to contact/call with further questions!
Sarah

Subject: City of Bloomington Draft Firearm Sales Ordinance

Ms. Schmidt,

We've spoken before about FFLs within the City of Bloomington. I believe I described an effort to establish standards for firearm sales businesses. Attached is a draft ordinance that would create those standards. There are a few minor changes that are still needed, but the structure, standards, and majority of the proposed language are in place. The draft will be reviewed by the City of Bloomington Planning Commission on October 27, 2016.

Please review the proposed ordinance and forward any comments or questions to me. Thank you for your time,
Mike
