I am requesting abatement for penalties and interest charges related to Ciao Bella's late filing of the June 30, 2014 City of Bloomington liquor sales tax return. This is the first time Ciao Bella has asked for abatement of penalties and interest related to the late filing of the local liquor sales tax. Other than this instance, Ciao Bella has had good standing in paying the local liquor sales tax on time since I have been employed here ( November 2012). All future payments will be paid on time.

Thank you,

Jocelyn Streissguth
